These documents comprise the Administrative Record for the National Presto Industries Site - Update #6. An index of the documents in the Administrative Record is located at the front of the first volume along with an acronym guide used by EPA Agency Staff in selecting a response action at the site.

The Administrative Record is also available for public review at EPA's Region V Record Center, 77 West Jackson, 7th Floor, Chicago, Illinois, 60604. Questions concerning the Administrative Record should be addressed to the U.S.EPA Waste Management Division Records Manager.

The Administrative Record is required by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA).

NOTE: Document 83 of the Administrative Record has a video tape available for review at EPA's Region V Record Center.
